helping save lives

# QCPR Classroom app

Fun learning is better learning

We know CPR training creates lifesavers. But for years, providing accurate and objective feedback on student performance has been a challenge for instructors. Until now.

The QCPR Classroom app is now available for our Little Anne® QCPR manikin with feedback and a gaming element. This enables instructors to enhance the quality of bystander CPR training, classroom efficiency and learner engagement – with up to 42 manikins at the same time.

# Train more - help save more!

The QCPR Classroom app enables you to train more people at the same time. The ability to provide high quality CPR training to more bystanders means helping save more lives.

The QCPR Classroom app is compatible with Little Anne QCPR

## Life-like anatomy

Perform nose-pinch, head tilt, chin lift and jaw thrust to see chest rise. Anatomically correct oral and nasal passages.

## Correct pressure

See and hear that compressions are done correctly. A built-in clicker signals when the correct compression depth is achieved.

## Quick and easy maintenance

Clean-up is easy with disposable lungs and removable faces. Made with Laerdal's patented design and materials, it's built to last.

## ORDERING INFORMATION

- 123-01050 Little Anne QCPR
- 123-03050 Little Anne QCPR Dark
- 124-01050 Little Anne QCPR 4-Pack
- 124-03050 Little Anne QCPR 4-Pack Dark
- 123-60750 Little Anne QCPR Upgrade Kit

## ACCESSORIES AND CONSUMABLES

- 123-30050 SkillGuide with extension cable
- 123-40050 QCPR Race Stickers 6-Pack

## Seamless classroom preparation

Setting up a CPR Classroom has never been easier – the app onboarding guides the user in 3 simple steps.

## Live CPR feedback

Check how every learner is performing with feedback on depth, release, rate and ventilations.

## Intelligent scoring and guidance

Motivate learners to go from "passed" to "perfection."

## Detailed group overview

See how the whole class performed, and get tips on group improvement.

## Gamified learning with QCPR race

Up to 12 students race against each other in an exciting and engaging test of CPR skills.
